Dear Sir,

FOR INFORMATION

I am writing to you about the plight of Eduardo ARANCIBIA Ortiz and Mario MUNOZ Espinoza, Engineering students at the University of Chile, both of whom were arrested in Santiago last September by the Central Nacional de Informaciones. I understand that the whereabouts of these two students is unknown, and I was distressed to hear reports that they are both being tortured and that their lives may be in danger.

I am anxious to have news of the whereabouts of these students, and for clarification of their legal situation, and I would be most grateful for assurances of their well-being and physical safety.

Yours respectfully and sincerely,

Monica Baker
