Very honorable General Humberto Gordon R.

I've heard that Christian Galaz and Pedro Luis
Henriquez Farias are still imprisoned until now and
I'm very troubled about it

I beg you again instantly to take care
for their emancipation immediatly, if they are not
accused until now.

The same I repeat my question if their
mental and bodily safeness is guaranteed and if they
are treated with humanity

I beg you again and hope very much, you
will help all of them at once, with all your possibilities

Respectfully Angelika von Guggenberg
